## ABOUT US

Built on the foundation of trust and complete understanding of the market dynamics, SUNRISE MICROTECH has come a long way, exhibiting glorious victory in the market. Established in the year 2016 establishment, we are a leading manufacturer and supplier of All Kinds of Panels made with the best of materials and having shock resistant features, our products are being used in a number of industrial applications for faster and accurate performance of the products. Our effort to build long lasting relations with our customers is entrenched in our desire to offer only flawless and long lasting products at prices that are ideally suitable for them. Capable of designing products as per the desired specifications of customers, we have taken huge strides in both the domestic and international market. Through our ethical trade practices and a need to develop ourselves on a continuous basis, we are now a brand name to reckon with, in the entire global market.

## TEAM - INFRASTRUCTURE

The experienced treatment and Engineers are parts of our Enthusiastic and dedicated team. Their rust experience cover various sector of manufacturing units & all of them are individually capable of providing solutions, taking initalives and finding out the resource you can bank of them.

A perfect amalgam of manpower and machines constitutes our impeccable infra-structural setup at Servo Tech Control System. Equipped with the most advanced set of machines, we come across no problem in ensuring a smooth and efficient flow of production. These machines are upgraded on a regular basis so that they perform to their maximum efficiency. Our team of expert electrical engineers and technocrats is the mainstay of our organization, possessing a wide range of expertise and an eye for detail. These professionals work their way to ensure that the company stays at the peak of success and enjoys continued trust and support of the customers. We also have a capacious warehouse where all the products are stored in the most judicious manner to ensure that we are able to meet all forms of market demands.

# PRODUCT RANGE

**SYNCHRONIZING  
PANEL**

**CONTROL DESK  
MIMIC PANEL**

**POWER  
CONTROL  
CENTER**

**POWER  
DISTRIBUTION  
BOARD**

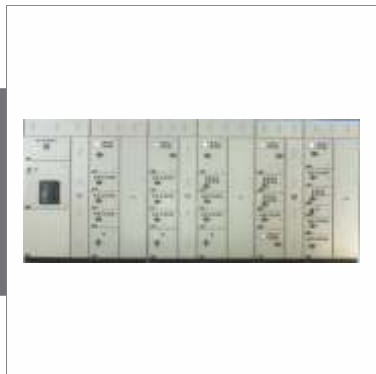

**PLC  
CONTROL  
PANEL**

**CONSTRUCTION  
DB**

**MOTOR  
CONTROL  
ENTER**

**VFD  
CONTROL  
PANEL**

## LIST OF TESTING EQUIPMENT

1000 V DC Megger / Motorized Megger

High Voltage Testing Kit - 10 KV

Tong Tester

Multimeter (Digital)

Phase Sequence Meter

Vernier Caliper

Standard Wire Gauge

Busbar Bending Machine
